Singapore's first gifting-with-taste concept

By Vanda Patisserie

Gifting With Taste

Singapore's first gifting-with-taste concept, we create tasty food souvenirs which are also tasteful gifts for sharing with colleagues, friends and loved ones. What better way to celebrate than with a food souvenir that reflects the diverse ethnicity, unique culture and heritage of Singapore, a place we call Home.

Handcrafted using fresh, premium ingredients, the core of the inspiration of our bakes comes from finding strength where differences exist. Not-to-be-missed for those looking to enjoy bakes inspired by local fare that is made using premium ingredients sourced worldwide.

Clients and staff appreciation has never been easier with the "Vanda's Choice" Gift Boxes. We also curate bespoke baked gifts for personal and corporate gifting needs.

Uniquely Singapore Collection

Have a taste of Singapore, the Singaporean way.

Garden City Puff Pastry

18 pcs in 4 assorted flavours

Inspired by Tembusu, a large evergreen tree native to Singapore, our Garden City Pastry is presented in the shape of a leaf.

Similar to the sublime demonstration of mathematics, patience and talent in transforming Singapore into a Garden City, we go through a time-consuming and tedious process of rolling, folding and resting the dough over and over again to create the perfect puff pastry with unique local flavours including Honey Orchid, Pandan, Cassis and Original.

Sing-delish Cookies

18 pcs in 6 assorted flavours

Handcrafted using fresh, premium ingredients, our Sing-delish Cookies is the reflection of Singapore's diverse and vibrant communities. The core of the inspiration of these delicious cookies comes from finding strength where differences exist. Flavours include Purple Sweet Potato, Oolong, Basil Sesame, Curry, Cranberry, and Sakura Ebi.

Note: The Uniquely Singapore Collection is only available for custom bulk order. Minimum order of 10 boxes required.
